DESCRIPTION

VITALAC 4 TURKEYE is a water-soluble symbiotic composed of a prebiotic component and a probiotic consisting of the synergy of 3 strains of live microorganisms.

The balance of intestinal flora means intestinal health.

VITALAC 4 TURKEY is a modern product suitable for new demands related to animal welfare, public health and farm health. With the administration of probiotics you get:

- Healthier animals and drier stools
- Better nutrient intake
- Reduction of morbidity/mortality
- Reductions in intestinal rot products

ACTION

VITALAC 4 TURKEY is a stabilizer of the intestinal flora.

It is safe for animals, operators and the environment. The effectiveness is scientifically proven.
